

West Lake Landfill – Public Comment Period

The U.S. Environmental Protection Agency (EPA) Region 7 has published the **Proposed Plan** and initiated a public comment period for the West Lake Landfill Superfund Site, located in Bridgeton, Missouri.

The public comment period will run from Feb. 6, 2018, through March 22, 2018.

A **Public Meeting** to inform residents of the Proposed Plan, and obtain comments on the Proposed Plan and EPA's preferred remedy, will be held:

Tuesday, March 6, 2018
6 p.m. to 9 p.m.
District 9 Machinists Hall
12365 St. Charles Rock Road
Bridgeton, Missouri

Written comments will be accepted throughout the comment period, and oral comments may be submitted at the EPA Public Meeting.

EPA encourages residents to register in advance to submit comments at the Public Meeting. Registration will be held on a first-come, first-serve basis. Residents may register by contacting Ben Washburn, community involvement coordinator, at 913-551-7364 or washburn.ben@epa.gov.

Written comments on the Proposed Plan may be submitted as follows:

- **Online:** See comment form below or send email to: R7_WestLakeLandfillPublicComments@epa.gov
- **Postal Mail:** Ben Washburn, Office of Public Affairs, U.S. EPA Region 7, 11201 Renner Blvd., Lenexa, KS 66219. Mailed comments must be postmarked by March 22, 2018.

You can review the Proposed Plan, supporting documents, and Administrative Record on the [EPA West Lake Landfill page](#).

Comment (Required)

It was questioned as to if it were possible for a solution to come together, but the EPA under new leadership has shown that can be done. There is one concern I have in my plan- the materials should not be hauled off the site. Instead of endangering the people unnecessarily, I'd appreciate it if the EPA looked into an alternative and keep the materials onsite.
